

Clinical Psychologist

You may see a Clinical Psychologist... A Clinical Psychologist may help by...

- If you feel

sad

angry

worried

scared

- If others are worried that you may

hurt
yourself

hurt
someone else

be hurt by
someone else

- To find out what you are good at and what you find difficult.

- Talking and listening to you about your feelings. This is called therapy.

- Teaching you ways to manage your feelings.

- Working with people who support you.

- Doing some tests with you.

- Psychologists do not give medication.
